About the CRCPTF

The Task Force is a combination of County Sheriff's Departments, District Attorney Offices, Agricultural Commissioners and local Police Departments together with state agencies such as the Attorney General's Office, Food and Agriculture and the Governor's Office of Criminal Justice Planning and the United States Department of Agriculture. Additionally, private organizations within the agri-business community such as the Farm Bureau, the State Grange, the Agri-Business League and other agricultural business related groups form an invaluable part of the Task Force.

We all work together for the common goal of reducing crime in the agriculture related business community.
